- training and quality control

See my website <http://www.w34u.com/casestudies.html> for details of projects and <http://www.w34u.com/testimonials.html> for clients reactions.

See Open source software development at <http://www.w34u.com/software.html>

Travelling in Far East

Spent December 2002 till April 2004 travelling in Far East, Thailand, Malaysia and Hong Kong. I have been freelancing in Brighton since returning.

BJ internet design

March 99 – December 2002

I ran my own firm from March 99 providing a range of web site design from simple web sites to database driven sites. During this time I gained extensive experience both in the technical and customer care side of running a web design business:

- customer liaison
- design and creation of database driven sites (PHP/MySQL/Pearl)
- good server side skills (WinXP, Local web servers, MySQL, PHP, Perl)
- designing web pages (Dreamweaver + HTML hand coded)
- structuring web sites
- animation
- colour and balance
- processing images to reduce size
- optimising download times
- accounts, paperwork

Silvertech Ltd.

June 96 – February 99

Senior Control Systems Engineer

Supervisory role including quality checking of code, production of functional and system design specifications, production and testing of modicon code, production of GE-Fanuc code, on site commissioning, database and spreadsheet work.

Alfa-Laval Automation (UK) Ltd.

January 91 - June 1996

Control Systems Engineer

Project management experience running several projects both alone and in co-operation with others. Extensive experience interacting with customers and installing projects on site both in the UK and abroad.

John Brown Engineers and Constructors Limited

June 89 - December 90

Process and CAD Engineer

General Chemical Engineering & supervision of trainees.

Education

Teesside Polytechnic, Middlesbrough, Cleveland, TS1 3BA

Faculty of Chemical Engineering Sept. 82 - June 86

BSc. in Chemical Engineering

Faculty of Mechanical Engineering Sept. 87 - Sept. 88

Post Graduate Diploma in Computer Aided Engineering

Brunel Technical College, Coldhaber Road, Bristol

Maths, Physics and Chemistry 'A' levels

Other Skills

Basic French, technical drawing, driving licence.

Hobbies

Reading, swimming, cycling - have toured in France, photography - I have my own B/W dark room kit.

Personal

Single
